

Roughneck (ROU38010)

TurboClamp™One-Handed Speed Clamp 150mm (6in)

The Roughneck TurboClamp 8482; One Handed Speed Clamp is suitable for one handed operation and is ideal for clamping workpieces in the home workshop or in industry. This clamp operates in the same way as a mastic gun by using the lever and has an instant single handed release. Comes with plastic pads to protect the workpiece being clamped.
