

**racksack**<sup>®</sup>  
Waste Segregation Sack

**racksack**<sup>®</sup> is a waterproof, heavy-duty polyester waste sack for racking that attaches securely to pallet racking and shelving using S-hooks. Its wide 'frog mouth' opening makes disposing of waste quick and easy, while the tapered design prevents it from intruding on valuable workspace. Three strong handles allow for easy lifting, carrying, and emptying, making waste management hassle-free for employees.

## Features and Benefits

- A compliant, space-saving, efficient way to segregate waste.
- Designed for use with end-of-aisle racking.
- Hard-wearing and re-usable.
- Available in a range of text and symbol designs, plus a blank option.
- Ensures compliance with waste legislations.
- Made from strong, durable polyester.
- Supplied with 2x S hooks.
- Capacity: 160 litres.
- Weight capacity using S hooks: Up to 25 kg.
- Size: 1,000 mm (H) x 920 mm (W).
- Other designs and special prints, including logos, are available on request.
