

HypaCover Sterile Eye Dressing - Pack of 6

- High quality eye dressings
- Cushions the eye and protects from dust, grime and infection
- Strong elastic bandage secures pad firmly in place
- Pad is highly absorbent, soft and comfortable
- Pack of 6 individually wrapped dressings

The **HypaCover Sterile Eye Dressings** are a must have in any first aid kit. They are supplied as a pack of 6 individually wrapped sterile dressings and are compliant with British Standard and HSE requirements. They are suitable for minor eye injuries and protect from infection. The dressings include a cushioned pad and a strong elastic bandage to hold the pad firmly in place. Ensure that the dressing is not applied too tightly, there should be minimal pressure on the eye socket. In the case of a more serious eye injury, contact emergency services immediately.
