Cut A General Handling Glove

Light Weight Polyurethane Coated; Machine Knitted General Purpose Glove with Integral Elasticated Cuff.

Key Features:

- Lightweight and breathable seamless liner offers exceptional comfort, dexterity, and tactile sensitivity, ideal for precision handling.
- Made with 79% GRS-certified pre-consumer recycled polyamide, supporting sustainability goals without compromising performance or durability.
- Polyurethane (PU) coating on palm and fingers provides excellent dry grip and moderate wet grip, enhancing control when handling small components, dry objects, or delicate materials.
- Lightweight and durable PU coating provides good dexterity and fingertip control, ideal for detailed tasks.
- PU coating enhances abrasion and tear resistance, supporting reliable performance in demanding work conditions.
- Elasticated cuff ensures a secure fit and helps prevent the entry of dust, debris, and particles.
- Traffi red colour-coded to clearly indicate non-cut resistant classification, supporting proper glove selection and safety compliance.
- PU coating enhances wear life and tear resistance, providing a cost-effective solution for prolonged use in demanding environments.

Technical Specifications	
Size Range:	5-13
Liner:	100% Recycled Polyamide
Coating:	Polyurethane
Colour:	Red / Black
Conditions	   

Ideal for:

- Manufacturing & Engineering
- General Maintenance
- Warehousing & Logistics

Packaging	
Qty/Pack:	10 pairs
Qty/Case:	200 pairs
